We are pleased to invite applications for the Information Literacy Sequence Prize. This prize of $500, awarded by the Olin and Uris Libraries, will go to the instructor submitting the best sequence of information literacy assignments used in a First-Year Writing Seminar. Assignment sequences must incorporate information literacy as a key component of a research assignment. The sequence should also include a collaboration with a librarian. Examples of such collaboration include interacting with an instruction librarian through the assignment design process and/or a library instruction session.

Submissions should also include:

- A rationale and a description of your plans for eliciting and responding to student research performance.
- A description of how you prepare students for each assignment, for example by engaging them in preliminary exercises.
- A brief reflection on what worked well and why, and on what you would change another time.

The winner will be announced to the Cornell community. Winning entries will be deposited in the Knight Institute’s web accessible archive and made available to other instructors under a creative commons attribution, non-commercial license. (See creativecommons.org for more information about cc licensing.)

To facilitate future searching of the Institute's archive, we ask that you provide a brief descriptive abstract (about 75 words) of your document, and a short list of appropriate keywords that might not appear in the text. Examples might include terms like “rhetorical situation,” “style,” “citation,” etc. **Any borrowings such as quotations from course texts or handbooks must be cited properly in the document itself.**

Submissions are due in 101 McGraw Hall by Tuesday, May 19. No exceptions can be made.
